01 PROFILE

I'm a vibrant Software Engineering student with hands on experience in Front-end Web Development,

I invest time and effort to produce outstanding results. My pursuit of excellence is fueled by a genuine passion for my work, strengthened by the dedication that comes with being a devoted father to my son. The responsibility of providing a bright future for my child serves as a powerful motivator, propelling me to work diligently and demonstrate unwavering commitment.

02 EDUCATION

Apr 2021 — Apr 2025

Killeen

Southern New Hampshire University

Software Engineering

Currently enrolled as a Software Engineer Student with SNHU. The course's focus is on designing, developing and deploying complex software through the use of the Java programming language, managing codebases in a collaborative environment, using version control, and many other skills needed to succeed in the industry.

matthew.grey@mykenzie.snhu.edu

Jul 2016 — Dec 2016

Temple, Texas

Temple College

General Education Diploma

Achieved honors while obtaining my GED, showcasing dedication and academic excellence. This accomplishment reflects my commitment to education and the pursuit of knowledge.

03 EMPLOYMENT HISTORY

Jan 2017 — Present

Killeen, Texas

Freelance Web Development / Design

I occasionally engage in web design/development and light graphic work to supplement my income. In this solo freelance role, I handle every aspect from sales to delivery. I've

collaborated with diverse clients, ranging from family friends to individuals I've met casually while getting coffee.

Jul 2019 — Present
Killeen, Texas

Primary Caretaker

I stepped back from my career to focus on raising my son full-time. His mother suffered from severe postpartum issues, which required me to step up and be there for the family, while she focused on recovery, then building her career.

Now that I have the support and structure I need, I'm looking to grow my professional career with renewed vigor.

Jun 2018 — Jan 2020
Killeen, Texas

Web Developer/Tech at Topsarge Business Solutions / milMedia Group

I was responsible for the end-to-end process of designing, developing, hosting, and maintaining websites for milMedia and its clients. Utilizing various CMS, HTML, CSS, JavaScript, React, and modern technologies was integral to my role. Additionally, I provided customer support by managing trouble tickets and implementing bug fixes. As part of the company's promotional efforts, I traveled to conventions, set up booths, and employed sales skills to attract clients. You can view examples of my work on topsarge.com and milmediagroup.com.

Mar 2018 — Apr 2018
Temple, Texas

Assistant Manager at Cherry Hill Programs

I held a seasonal position as an assistant manager during the 2018 Easter set at the Temple, TX mall. My responsibilities encompassed capturing photos, managing schedules, operating the cash register, and more. The role was centered around creating joyful experiences for children and their families, immortalizing special moments through photography.

Sep 2017 — Jan 2018
Temple, Texas

Technical Support Specialist at Sykes Enterprises, Incorporated

In my role as a high-tier Technical Support Technician, I specialized in addressing technical calls and providing tailored solutions to diverse issues. Focused on one valued customer at a time, I honed my skills in effective communication and troubleshooting to ensure a satisfactory resolution. This dynamic position demanded a deep understanding of various technical challenges and the ability to convey solutions clearly. Prioritizing individual customer needs, I aimed to deliver attentive and personalized support, leaving customers with confidence in the assistance provided.

Apr 2018 — Jun 2018
Temple, Texas

Sandwich Artist at Jersey Mike's

I focused on creating high-quality dishes, prioritizing a positive customer experience. My commitment extended to ensuring rigorous food safety standards, contributing to a trusted and enjoyable dining environment.

Computer Science and Programming at MIT Online

Certified in HTML, CSS, JavaScript at Free Code Camp

05 SKILLS

Linux

Git

HTML

Design

Photography

06 HOBBIES

Engaging in rock climbing, hiking, and various outdoor sports fuels my sense of adventure. I channel my creativity through hobbies such as photography and graphic design. Additionally, I find enjoyment in both video and tabletop games and the communities that form around them. I also have hobbies in tech that include self teaching information security and other cyber security interests.
