MATT GREY

PROFILE

I love creating and have a passion for technology and programming.

I'm an undergrad with SNHU as a Software Engineer and have professional experience as a Front-end Web Developer.

Family is my main pillar in life; my beautiful wife and son are my everything. I take great pride in everything I do, putting in the time and effort to make my work stand out.

EDUCATION

Software Engineering, Southern New Hampshire University, Killeen

April 2021 — April 2023

Currently enrolled as a Software Engineer Student with SNHU. The course's focus is on designing developing and deploying complex software through the use of the Java programming language, managing codebases in a collaborative environment, using version control, and many other skills needed to succeed in the industry.

matthew.grey@mykenzie.snhu.edu

General Education Diploma, Temple College, Temple, Texas

Graduated with Honors.

EMPLOYMENT
HISTORY

Stay at home Dad

July 2019 — Present

I stepped back from my career to focus on raising my son full-time. My wife suffered from severe postpartum issues, which required me to step up and be there for the family, while she focused on recovery, then building her career.

Now that I have the support and structure I need, I'm looking to grow my professional career with renewed vigor.

Freelance Web Development / Design, Killeen, Texas

January 2017 — Present

Occasional web design/development or light graphic work to supplement income. For this, I'm a one-man team, from sales to delivery. I've worked with everyone from family friends, to strangers I met getting coffee.

Web Developer/Tech at Topsarge Business Solutions / milMedia Group, Killeen, Texas

June 2018 — January 2020

Duties included designing, developing, hosting, and maintaining websites for milMedia and its clients. This included the use of various CMS, HTML, CSS, JavaScript, React, and other modern technologies. Customer support duties also involved such as handling trouble tickets, bug fixes, etc. Traveling for the company for conventions, setting up booths, and pulling in clients with sales skills.

topsarge.com & milmediagroup.com

Assistant Manager at Cherry Hill Programs, Temple, Texas

March 2018 — April 2018

Seasonal position for the 2018 Easter set in the Temple, TX mall. Duties included taking photos, scheduling, handling the cash register, etc. Making kids and their families smile and capturing special moments forever.

Technical Support Specialist at Sykes Enterprises, Incorporated, Temple, Texas

September 2017 — January 2018

High-tier Technical Support. Duties included taking technical calls and providing solutions to problems. One valued customer at a time.

Sandwich Artist at Jersey Mike's, Temple, Texas

April 2018 — June 2018

Created quality food. Duties included working to ensure a positive and hassle-free customer experience. Ensuring top-notch food safety at all times.

Matt Grey

+1 254-718-0364
